As a healthy, environmentally-friendly, convenient form of transport, we believe cycling should be a regular part of most people's lives. That's why Ibera concentrates on creating innovative equipment for recreational, commuting, and touring cyclists. Our products won't necessarily make you go faster, but they will help you enjoy cycling with greater comfort, convenience, and style.

Ibera products are award winners: our **Adjustable Bottle Cage** was a d&i award winner in 2017, the **MultiMount Bag** was a winner in 2014, and our **Phone Cam Case** won in 2013. **PakRak Clip-on Luggage System** won first prize in the Innobike 2008 design competition, **PakRak Panniers** came third in 2009. Ibera products are available in more than 30 countries.

G-2

Pannier Attachment System

A New Industry Standard

G-2

CLIP-ON SYSTEM

Pannier Attachment System

What is G-2?

G-2 is an easy-to-use system that does not require a dedicated rear carrier. Instead G-2 panniers attach to existing carriers, utilising a simple two-point connection mechanism.

A universal attachment system, G-2 technology is available to all manufacturers and brands of panniers.

G-2 Bag-Carrier Compatibility

G-2 Bags		Ibera touring Carriers						Other touring carriers

PakRak Clip-on Luggage System

Bags + Carriers

- Easy clip-on attachment
- Fast, convenient
- Secure connection

With the award winning PakRak clip-on bicycle luggage system you'll have no need for cumbersome straps or bungee cords. Nothing is easier, more convenient or secure than the PakRak integrated system. Just clip a PakRak bag to a PakRak carrier and ride. Ibero has a variety of bags, panniers and compatible carriers.

Recognition for PakRak Bags

First prize **d&i** design award 2014, MultiMount Bag. First prize in the **Innobike** 2008 design competition, Clip-on Bag. Third place, Innobike 2009, Clip-on Panniers.

PakRak Rear Carriers

For PakRak Bags and Other Bags

Ibera makes a range of PakRak rear bike luggage carriers (cargo racks) for a variety of bicycle types, including urban bikes, MTBs, road bikes and folding or small wheel bikes. Whether you are commuting, shopping, touring or providing delivery services, we have a carrier to suit your needs.

PakRak carriers are compatible with PakRak clip-on bags and other third-party luggage you would normally strap on a rack.

Do not use on carbon fibre seat stays.

PakRak StayMount Rear Carrier

IB-RA19

Seat stay-mounted rear rack for full suspension, hardtail or rigid frames, and any bike without mounting holes. Carries light to medium top loads.

- Quick clip-on bag mount
- 4 strong supporting stanchions
- Fits a wide range of bike types
- Fits various diameter and shape seat stays
- Fully width, height and length adjustable
- E-bike compatible

Features Quick clip-on PakRak bag mount, 4 supporting stanchions provide strength and stability, Fully width, height and length adjustable, Fits various diameter and shape tubing, Clamps and straps equipped with non-slip, non-scratch pads, Eyelets for bungee cord or strap hooks, Carries up to 12 kg (26 lb), Reflector or taillight attachable.

Material Durable TIG-welded, heat-treated aluminium, durable plastic.

Bike Compatibility Fits most 26"–29" disk and non-disk brake bicycle frames. Specially suited to full suspension, hardtail or rigid frames, and bikes without mounting holes. Width adjustable: 80–125 mm (measured from centreline of seat stays). Fits various diameter (15–25 mm) and shape seat stays.

Bag Compatibility (1) PakRak Commuter Bags. (2) Strap-attached trunk bags. (Incompatible with panniers.)

900 g

PakRak Road Bike Carrier

IB-RA17

Strap-on rear rack for bikes without mounting holes. Seatpost and seat stay mounted for light, top loads.

- Quick clip-on bag mount
- For 26"–29" frames
- Fully height and length adjustable
- Fits various diameter and shape tubing

Features Fully height and length adjustable. Fits various diameter and shape tubing. Clamps and straps equipped with non-slip, non-scratch pads. Carries up to 7 kg (15 lb), Built-in eyelets for bungee cord or strap hooks. Reflector or taillight attachable.

Phone Cases with Bike Mount

Take full advantage of the great cycling and other apps available for smartphones. Ibero cell phone cases allow full touchscreen access while cycling. Most of our phone holders come with a choice of quick release mounts: **StemClamp**—mounts on your bicycle stem, and **BarClamp**—mounts on your bicycle handlebars.

- Touchscreen access
- Use phone on the fly
- Clip-on to stem or handlebars
- Protects phone

Material Aluminium.

Repair & Storage Products

Whether you're a proficient home bike mechanic, or just looking for an easier way to lube your chain and adjust your derailleur, or perhaps you're after a reliable, space-saving indoor bike hanger – we have bicycle stands and hangers to suit your needs and budget amongst our wide range of products for bicycle storage, maintenance and display.

Some of our stands are foldable, portable and can also be used out on the road as well as in the garage, yard or living room. Most IBERA repair and storage products can be used with various types of bikes and frame/wheel sizes. All our products are sturdy and built to last.

Two-way Bike Stand

IB-ST21

Versatile, adjustable bicycle stand for horizontal or vertical storage.

- Easy to use
- Space saving design
- Horizontal or vertical mode
- Stable 3-point wheel support
- Durable construction
- Suitable for most bikes
- E-bike compatible

Features Space saving design. Horizontal or vertical mode. 3-point support keeps bike stable. Safety latch secures bike in vertical mode. Sturdy, durable construction. Wheel anchor strap included. Non-scratch floor pads. Can be dismantled for transporting or storage.

Compatibility Wheel Size: Small: 20"; Large: 24" – 29".
Tyre Width: 2.3 – 6.6 cm (0.9 – 2.6") Max. Seatpost Diameter: 25.4 – 35 mm
Mudguard compatible in horizontal mode only.
[Max. Load 30 kg / 66 lb]

Material Steel, aluminium, plastic.

2.42 kg

Easy Utility Stand

IB-ST16

Adjustable stand for maintenance, parking or display.

- Easy to use, stable design
- Rear wheel V-grip: fixed mode or free-spinning mode
- Adjustable width
- Adjustable angle mounts
- Non-scratch
- Suitable for most bikes
- Foldable for easy carriage or stowage

Features For light maintenance work, parking or display. The stand is adjustable to fit most bikes, and easy to use. Rear wheel V-grip offers fixed mode for parking or free-spinning mode for maintenance. Cushioned chainstay mounts protect your bike frame. Compact when folded.

Compatibility 20–29" wheels. Max. chainstay diameter 30 mm (1.18").
[Max. Load 15 kg / 33 lb].

Fork Compatibility Quick release axle: 9 x 100 mm. [Max. Load 15 kg / 33 lb].

Material Aluminium.

204 g

Adjustable Bicycle Hanger Stand IB-ST9

For storage, maintenance and display. Freestanding frame for hanging two bikes horizontally (option for four bikes).

- Adjustable bike angle
- Space saving design
- Padded frame holders
- Sturdy, durable construction

Features Frame holders are position-adjustable to keep wheels horizontal. Padded frame holders will not scratch your bike.

Compatibility Most bikes up to 18 kg (39.5 lb) with a conventional frame shape. [Max. Load 18 kg / 39.5 lb] per frame holder arm.]

Optional Extra hanger arms available separately for mounting up to four bikes (Part: IB-033).

Material Aluminium/steel, padded ABS frame holders.

Size: L: 210 cm (82.7"), W: 83 cm (32.7"), D: 72 cm (28.3").
Size Folded: L: 110 cm (43.3"), W: 16 cm (6.3"), D: 14 cm (5.5").

6.5 kg

Holds two bikes (option for four bikes)

Adjustable Bicycle Wall Hanger IB-ST4

Storage or display rack. For mounting a single bike horizontally on a wall.

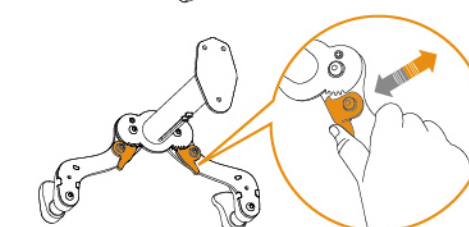

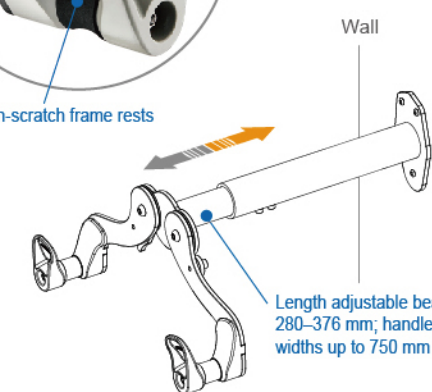

- Adjustable bike angle
- Space saving design
- Padded frame holders
- Anchor strap keeps front wheel in place
- Sturdy, durable construction

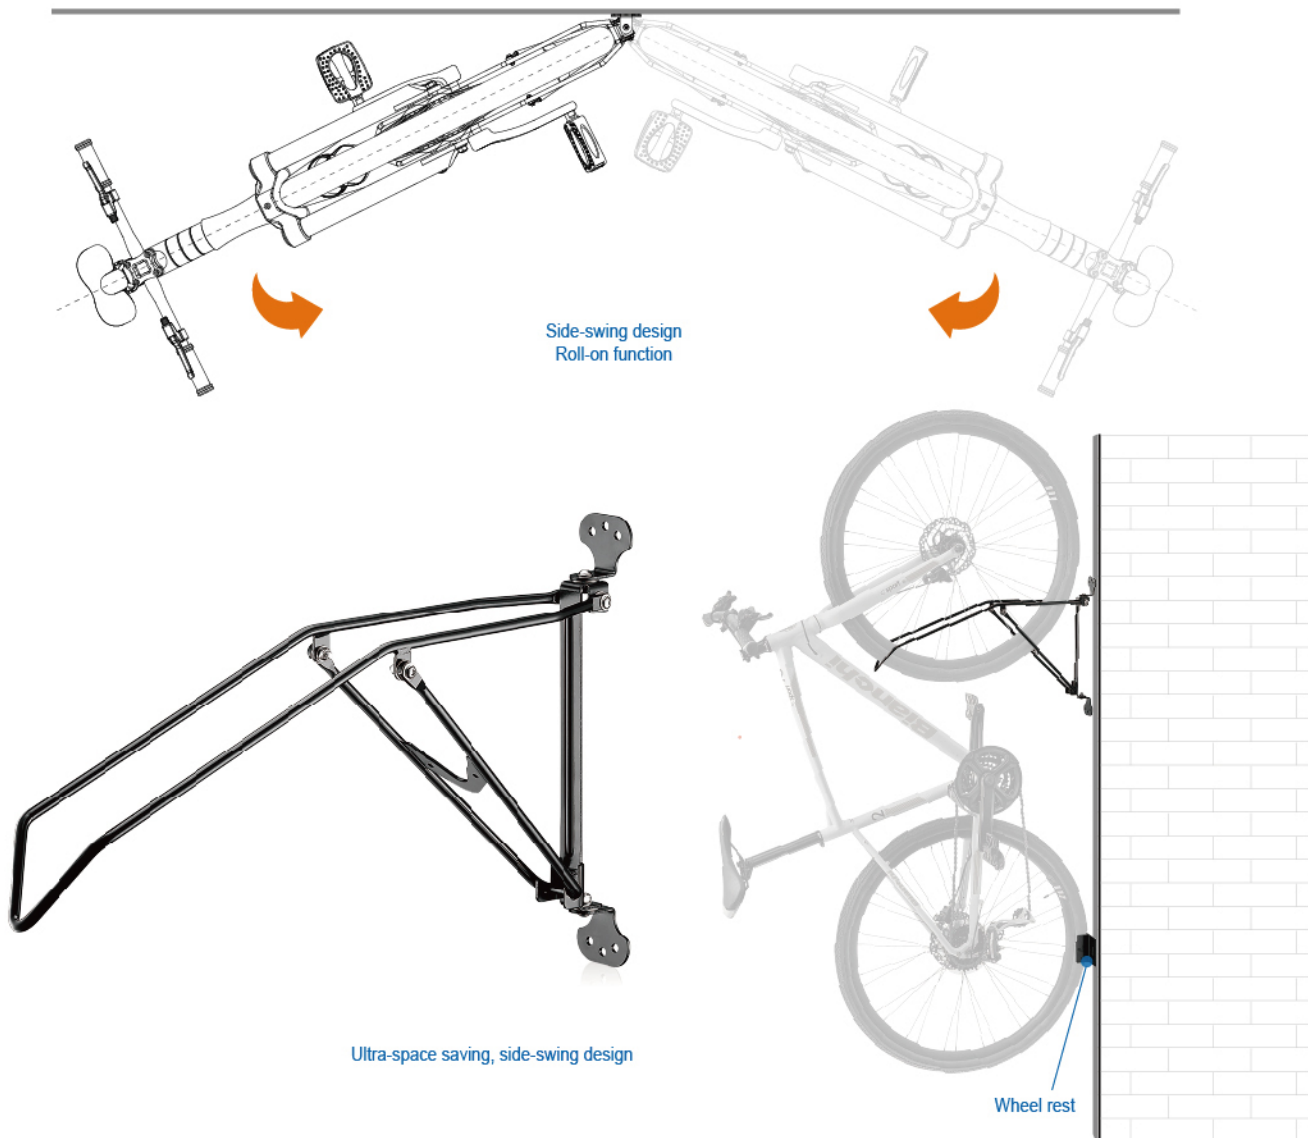

Features Frame holders are position-adjustable to keep wheels horizontal. Hanger beam length is extendable to fit narrow or wide handlebars. Padded frame holders will not scratch your bike. Helmets or other bike gear can be hung from hanger beam. Front wheel anchor strap included.

Compatibility Most bikes up to 18 kg (39.5 lb) with a conventional frame shape, and a handlebar width up to 750 mm (29.5"). [Max. Load 18 kg / 39.5 lb].

Material Aluminium/steel, padded ABS frame holders.

1.05 kg

Roll-On Bicycle Wall Hanger

IB-ST20

Storage or display rack. For mounting a single bike vertically on a wall. Featuring side-swing design.

- Roll-on feature allows anyone to hang bike
- Ultra-space saving, side-swing design
- Retractable; folds flat against wall when not in use
- Stable 3-point wheel support
- Sturdy, durable construction

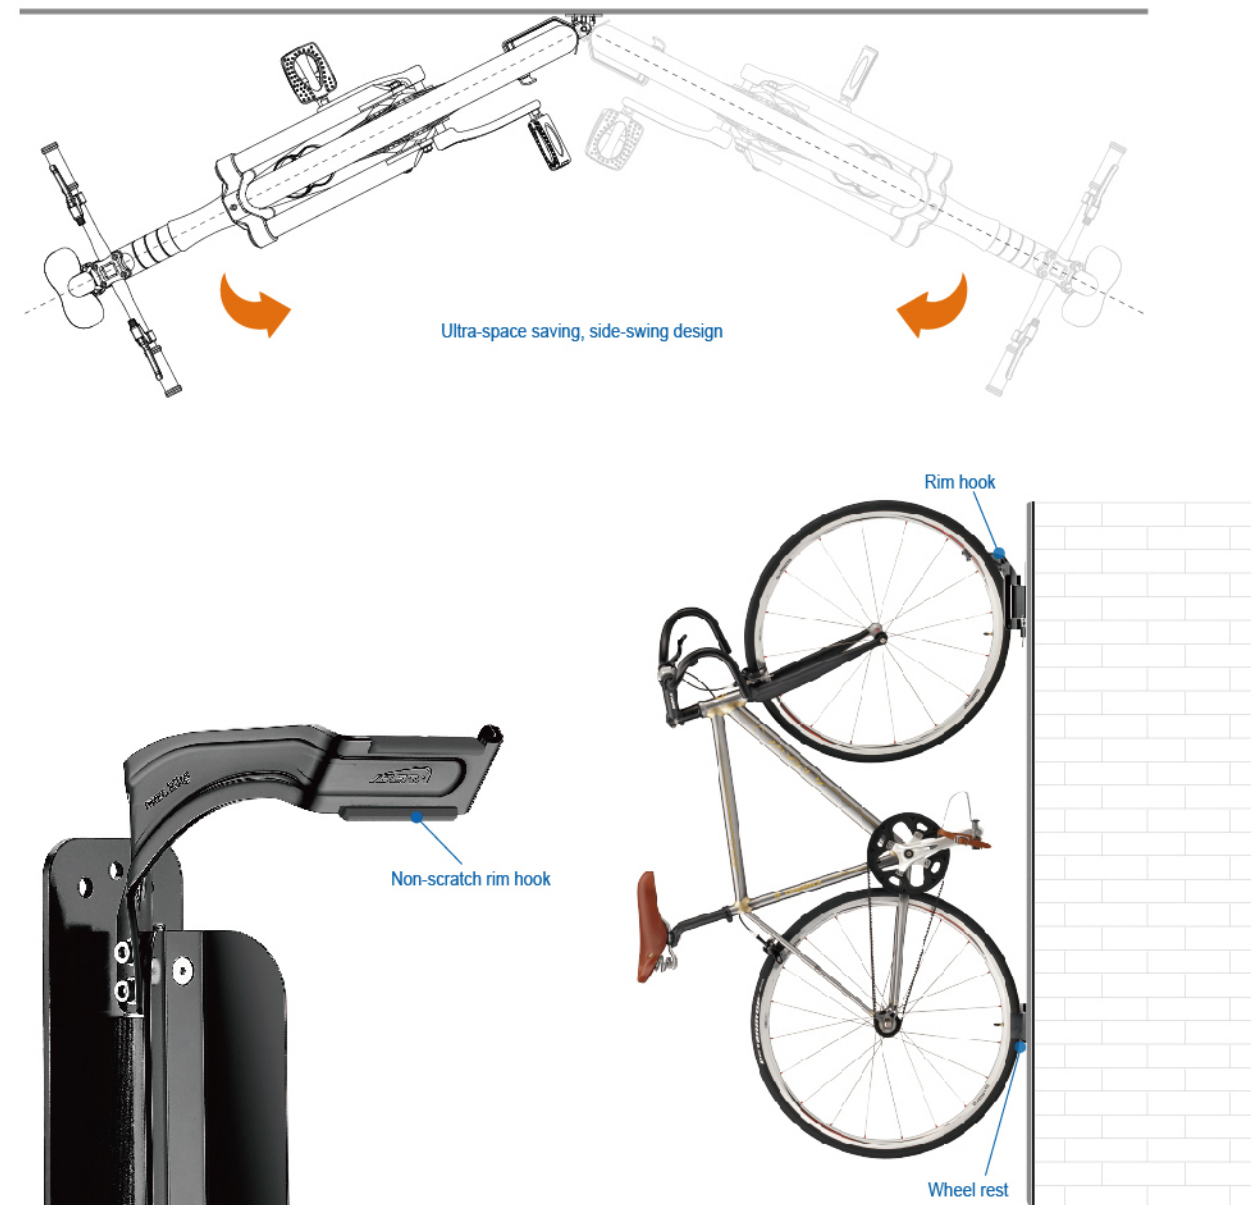

Features Roll-on function allows virtually anyone, regardless of size or strength, to effortlessly place a bike onto the hanger without lifting. Side-swing design allows rotation of a hanging bike either left or right (parallel to wall), saving space. Your bike is kept conveniently out of the way. Hanger is retractable, folding flat against wall when not in use. Rear wheel rest keeps rear wheel in position and protects wall.

Compatibility Wheel size: 20–29". Tyre Width: 2.3–6.3 cm (0.9–2.5"). Not suitable for bikes with mudguards. [Max. Load 18 kg / 39.5 lb].

Material Steel.

Weight 1.5 kg

Hanger folded

Side Swing Bicycle Wall Hanger

IB-ST17

Storage or display rack. For mounting a single bike vertically on a wall.

- Ultra-space saving, side-swing design
- Bike is easily locked in position
- Sturdy, durable construction
- Non-scratch rim hook

Features Side-swing design allows rotation of a hanging bike either left or right (parallel to wall), saving space. Your bike is locked in place and is kept conveniently out of the way. Rear wheel rest keeps rear wheel in position and protects wall.

Compatibility Wheel size: 20–29". Tyre Size – Height (rim+tyre): 8 cm (3.15"); Width: 7.62 cm (3"). [Max. Load 18 kg / 39.5 lb].

Material Steel, aluminium, rubber.

880 g

Bicycle Wall Hanger

IB-ST14

Storage or display rack. For mounting a single bike horizontally on a wall.

- Easy-to-use
- Space saving design
- Tough, durable construction
- Holds bike securely

360 g

Accessories & Spare Parts

Contact your Ibero dealer to purchase accessories and spare parts for hanger stands, rear carriers, handlebar bags, seat bags, phone cases, rain covers and bottle cages.

Carrier Length Extender

IB-Q7

Attach a rear rack to bikes that don't have upper seat stay mounting holes. Seatpost mounted.

- Provides bolt holes for carrier arms
- Extends carrier arm length
- Fits various seatpost diameters and shapes

With this adaptor, you can attach a rear carrier to bikes that don't have seat stay braze-ons (upper mounting holes).* It also allows your carrier arms to be lengthened to fit different size bikes or for extra heel clearance.

Features Width adjustable mounting strap. Mount and straps equipped with non-slip, non-scratch lining. Carries up to 25 kg (55 lb) on Ibero carriers.

Compatibility PakRak touring carriers, and most third-party touring carriers. Fits round, oval, and other odd-shaped seatposts and seatpost sizes.

Material Durable plastic.
55 g

*If your bike also lacks lower mounting holes (dropout eyelets), third-party solutions are available.

Rear Carrier Mounting Arms

IB-048

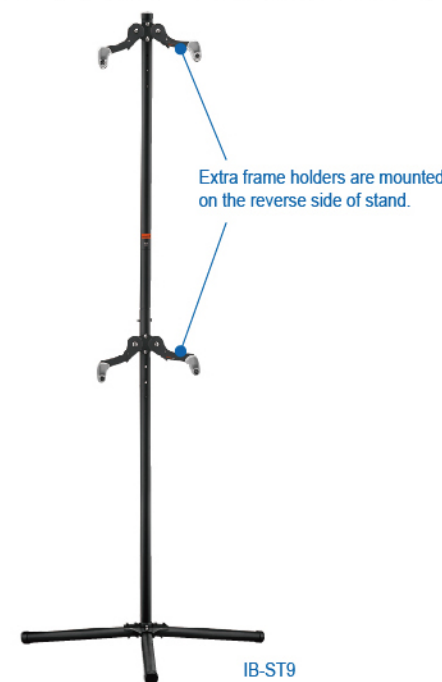

Replacement arms for lengthening Ibero PakRak touring carriers.

- Extends carrier arm length

Length 280 mm(45 mm longer than standard 235 mm equipment arms).

Carrier Compatibility Ibero PakRak IB-RA4, IB-RA5.

Material Aluminium.
53 g pr

Extra frame holders are mounted on the reverse side of stand.

IB-ST9

Frame Holders for Bicycle Hanger Stand

IB-033

Covert your two-bike Ibero IB-ST9 stand into a space-saving four-bike stand. Ideal for owners of multiple bikes. Sold as a pair (for two bikes).

Features Frame holders are position-adjustable to keep wheels horizontal. Padded frame holders will not scratch your bike.

Compatibility Retrofit to Ibero Adjustable Bicycle Hanger Stand IB-ST9. Max. Load 18 kg. per frame holder arm.

Material Aluminium/steel, padded ABS frame holders.

1.16 kg pair

Handlebar Bag Clamps

Replace an existing Ibero bag mount, or fit to another bike, allowing you use your quick release bag on either.

HandlebarClamp

Handlebar Bag Clamp

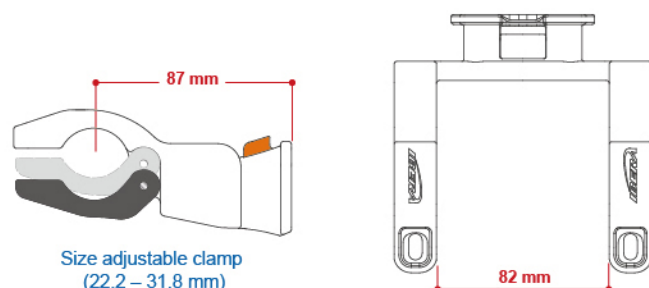

IB-QH2

A replacement or an extra quick release mount for Ibero handlebar bags.

- E-bike compatible
- Button quick release

Size-adjustable clamp with stem brace, fits most handlebars (22.2 – 31.8 mm). Designed for E-bikes, though can be used on other bikes. With wider, longer clamp arms, it fits around a handlebar-mounted display (monitor) on an E-bike.

Compatible Ibero Bags: IB-HB3, IB-HB4, IB-HB9.

Size adjustable clamp
(22.2 – 31.8 mm)

Weight: 26 kg

The MIK Bike Luggage System

The MIK Bike Luggage System enables a MIK bag or basket to be mounted instantly to any MIK rear carrier. Ibera's MIK bags are equipped with the MIK adaptor plate, and a MIK Stick (bag release device). Note: For proper function, MIK bags require MIK carriers.

Since the MIK system was introduced in 2019, more than 5 million bikes have been sold with MIK rear carriers. Now, more than 50 bicycle or accessory brands are selling MIK carriers. Therefore, this is an excellent opportunity for sellers of MIK-compatible bags as many cyclists are looking for MIK-compatible bags.

Other brands sell MIK bags, but unlike them, Ibera is part of the Massload Group, which, along with Basil, developed the MIK system. Because of this, we guarantee precision compatibility with MIK carriers. We bring over 15 years of experience manufacturing bike carriers and bags to the MIK project, in particular with PakRak, our own propriety carrier-bag clip-on system.

MIK makes it your bike.

From the coolest bicycle bags and dog baskets to the safest child bike seats. With MIK, you attach bicycle accessories to your bike with one click.

MIK, CLICK, GO!

MIK Commuter Carrier

IB-RA24

Seatpost-mounted rear bike rack for light, top loads. With MIK bag mount.

• Quick clip-on bag mount

Features Quick clip-on MIK bag mount (cargo tray), Carries up to 10 kg (22 lb), Reflector or taillight attachable.
